The Beauty of a Considered Palette

Colour schemes are thoughtfully created combinations of finishes, materials, and colours designed by our interior team to work beautifully together. Each one reflects a different look and lifestyle, from warm neutrals to more modern tones.

By choosing from our pre-designed schemes, you're not losing freedom — you're gaining the confidence that every element will complement the next, without the overwhelm of hundreds of individual decisions. It also keeps your build timeframe and budget on track, since everything has already been tested, priced, and approved to deliver the quality Marella is known for.

It's a smarter, more streamlined way to get a professionally styled home you'll love living in — without the stress of starting from scratch.

Light, airy and effortless, the Coastal scheme **captures the calm of a relaxed seaside lifestyle.**

Soft whites and sandy neutrals create a fresh backdrop, while timber accents add warmth and a natural touch.

The result is a space that feels **open and welcoming** — perfect for everyday living, family gatherings, or simply unwinding at the end of the day.

With its balance of simplicity and comfort, this scheme brings an **easy elegance that feels like home.**

*Different
looks, same
level of finish.*

Each internal scheme offers a **distinct look**, through its colours and finishes, while the underlying inclusions and specifications remain *exactly the same*.

No matter which scheme you choose, the quality, functionality, and level of finish are **consistent across every Marella Homes interior**, allowing you to select a style you love without added decisions or compromise.
